

SOLARIS

SUNSEEKER 76 YACHT

BUILT IN 2022

THE LARGEST & MOST LUXURIOUS SUNSEEKER
CHARTER YACHT BASED IN SANDBANKS, POOLE

Step onboard, switch off and let our experienced crew take care of the rest.

Solaris is the largest and most luxurious Sunseeker available to charter in the UK. Based in Poole Harbour, our 2022 £4.8million 76ft Sunseeker yacht and her crew can be yours for the day.

Bring your colleagues, friends or family and join us for the ultimate day at sea. From corporate entertaining to special family occasions, or just a day on the water with friends, the luxurious surroundings of Solaris offer the ultimate escape for you and your guests.

ABOUT SOLARIS

Our 2022 Sunseeker 76 Yacht has been custom built to our exacting specification, perfectly designed for entertaining up to 12 day guests in pure indulgent luxury. The entertaining space is set across two capacious decks, with an additional lower accommodation deck for up to eight overnight guests across four beautifully-appointed cabins and four ensuite bathrooms.

We have made sure to specify the boat to the highest of standards, both in terms of comfort and safety. Solaris is fitted with upgraded twin MTU 1550hp V12 engines and Sleipner fin stabilizers. The stabilizers work both underway and at anchor, with their sole purpose to increase the feeling of comfort.

Stepping onboard you will first enter the exterior aft cockpit area of the boat. Fitted with a dining table, directors chairs and a comfortable lounge area, this is the perfect sheltered area to enjoy lunch or simply gaze out to sea with a glass of Champagne in hand whilst the boat is under way. There is something very magical about watching the wake of a boat this size!

Moving forward to the bow of the boat, this is a beautiful area with a built-in comfortable seating area and dining table, along with two sunbathing areas for at least four people. The boat is fitted with an iPad controlled Sonos zoned sound system, so whether you are on the bow, aft cockpit or in the saloon, you can always be listening to your favourite playlist.

Moving up a level we have our capacious flybridge area. With plenty of seating to accommodate all 12 guests, this is the exterior area you are likely to spend most of your time. The flybridge is fitted with a hard top roof, covering the main body of the deck. Within the structure there is a retractable roof and a further aft sun canopy, with a flick of a switch the flybridge can either be in full sun or full shade. A bar, complete with ice maker and fridge, further enhances this spectacular entertaining deck.

Right at the back of the boat we have the bathing platform, which comes into its own once at anchor. Lowering the platform and opening up the transom storage locker will create your very own beach club area and reveal an array of water toys! With a ladder to lower yourself into the water and an overhead heated rainfall shower to freshen up afterwards, this area beats any sandy beach, and provides the perfect private place to enjoy the delights of the sea.

The spectacular interior saloon deck has a large open plan dining, galley and seating area, which can either be heated or fully air conditioned to your preference. This space benefits from large sweeping glazing and sumptuous interior finishes for an incredible light and modern feel. For those looking for some quiet time we have a state of the art 55" Samsung TV and surround sound system to accompany the interior sofa area.

The crew cabin is accessed via the aft platform, ensuring total privacy for all guests.

Whether you are looking to create forever memories with family and friends, or looking to spend quality time with valued clients, Solaris Charters is designed to offer exceptional levels of comfort and luxury with incredible detail and discretion.
